#### Frozen in Flight Terms and Contract Agreement:

“We” refers to Frozen in Flight Bird Taxidermy in the following paragraphs:

We have no control over the specimen, nor the many factors which have a very definite effect on the final result of dressing prior to it being received by us. These include but are not limited to; primeness, general condition of the specimen, climatic conditions, bacterial infestation, decomposition, chemical reactions, and most importantly, the lack of knowledge and facilities in the field by the sportsman. We cannot guarantee the results of any mounted specimen.

Also, we will not be responsible for loss due to freezer failure, power failure, natural disasters, theft from our premises, or any other loss beyond our control. A 50% deposit will be placed on all specimens and projects due to handling, storage and skin preparation. This deposit is non-refundable. The customer agrees to pay the balance and remove the mount from our studio within thirty (30) days after notification by us that the work has been completed. If the completed work is not picked up within that time, a storage fee of \$3.00 per day, will be added to the total balance. Any and all work due to backlog will not be finished prior to its position that it was received unless otherwise authorized. No mounts will be shipped until 100% Payment for said project and shipping fees have been paid. Please keep all phone calls pertaining to completion to a minimum as it restricts our ability to complete said projects in a timely manner. Clients will be notified by phone

or mail when their mounts are completed.

In addition to the rights granted to us under the Artisan's Lien Law of the State of Virginia, we shall have the right to collect the balance of the account by action at law. The customer agrees that if the balance is collected by an attorney, by suit, or otherwise, he will pay all attorney fees and cost of the collection. Failure to pick up the mount after one month of completion/notification may result in destruction of mount in order to recover supplies, or the mount will become property of Frozen in Flight Bird Taxidermy. We are not responsible for the condition of frozen, salted or fresh skins or feathers at the time of receipt.

By signing in the space below, client agrees to all of the above.
